# Hireserve User Interface Update

## Agenda

- Purpose of the interface update
- What changes have been made?
- How will these changes impact your users?
- When are these changes being deployed?
- The Hireserve Hub
- Upcoming Events
- Your Questions (via webinar chat)

# Hireserve User Interface Update

## Purpose of the interface update

- Improve general usability of the back office system
- Enhance the look and feel
- Maximise the available space available on the screen
- Improve the user experience on tablet devices
- All without negatively impacting existing users

# Hireserve User Interface Update

## What changes have been made?

- ✓ General enhancements to screen layout
- ✓ Improved main menu design
- ✓ Improved File/Options/History menu design
- ✓ Relocated the top menu links into a dropdown menu
- ✓ Enhanced quick find capability
- ✓ Added provision for a new 'Notifications Centre' (coming soon)
- ✓ Enhanced the look and feel of older style screens
  - Enhanced the look and feel of other screens (Released Q4 2016)
    - Database Search
    - Workflow Action
- ✓ Provided optimisation for tablet use

# Hireserve User Interface Update

## Tablet optimisation

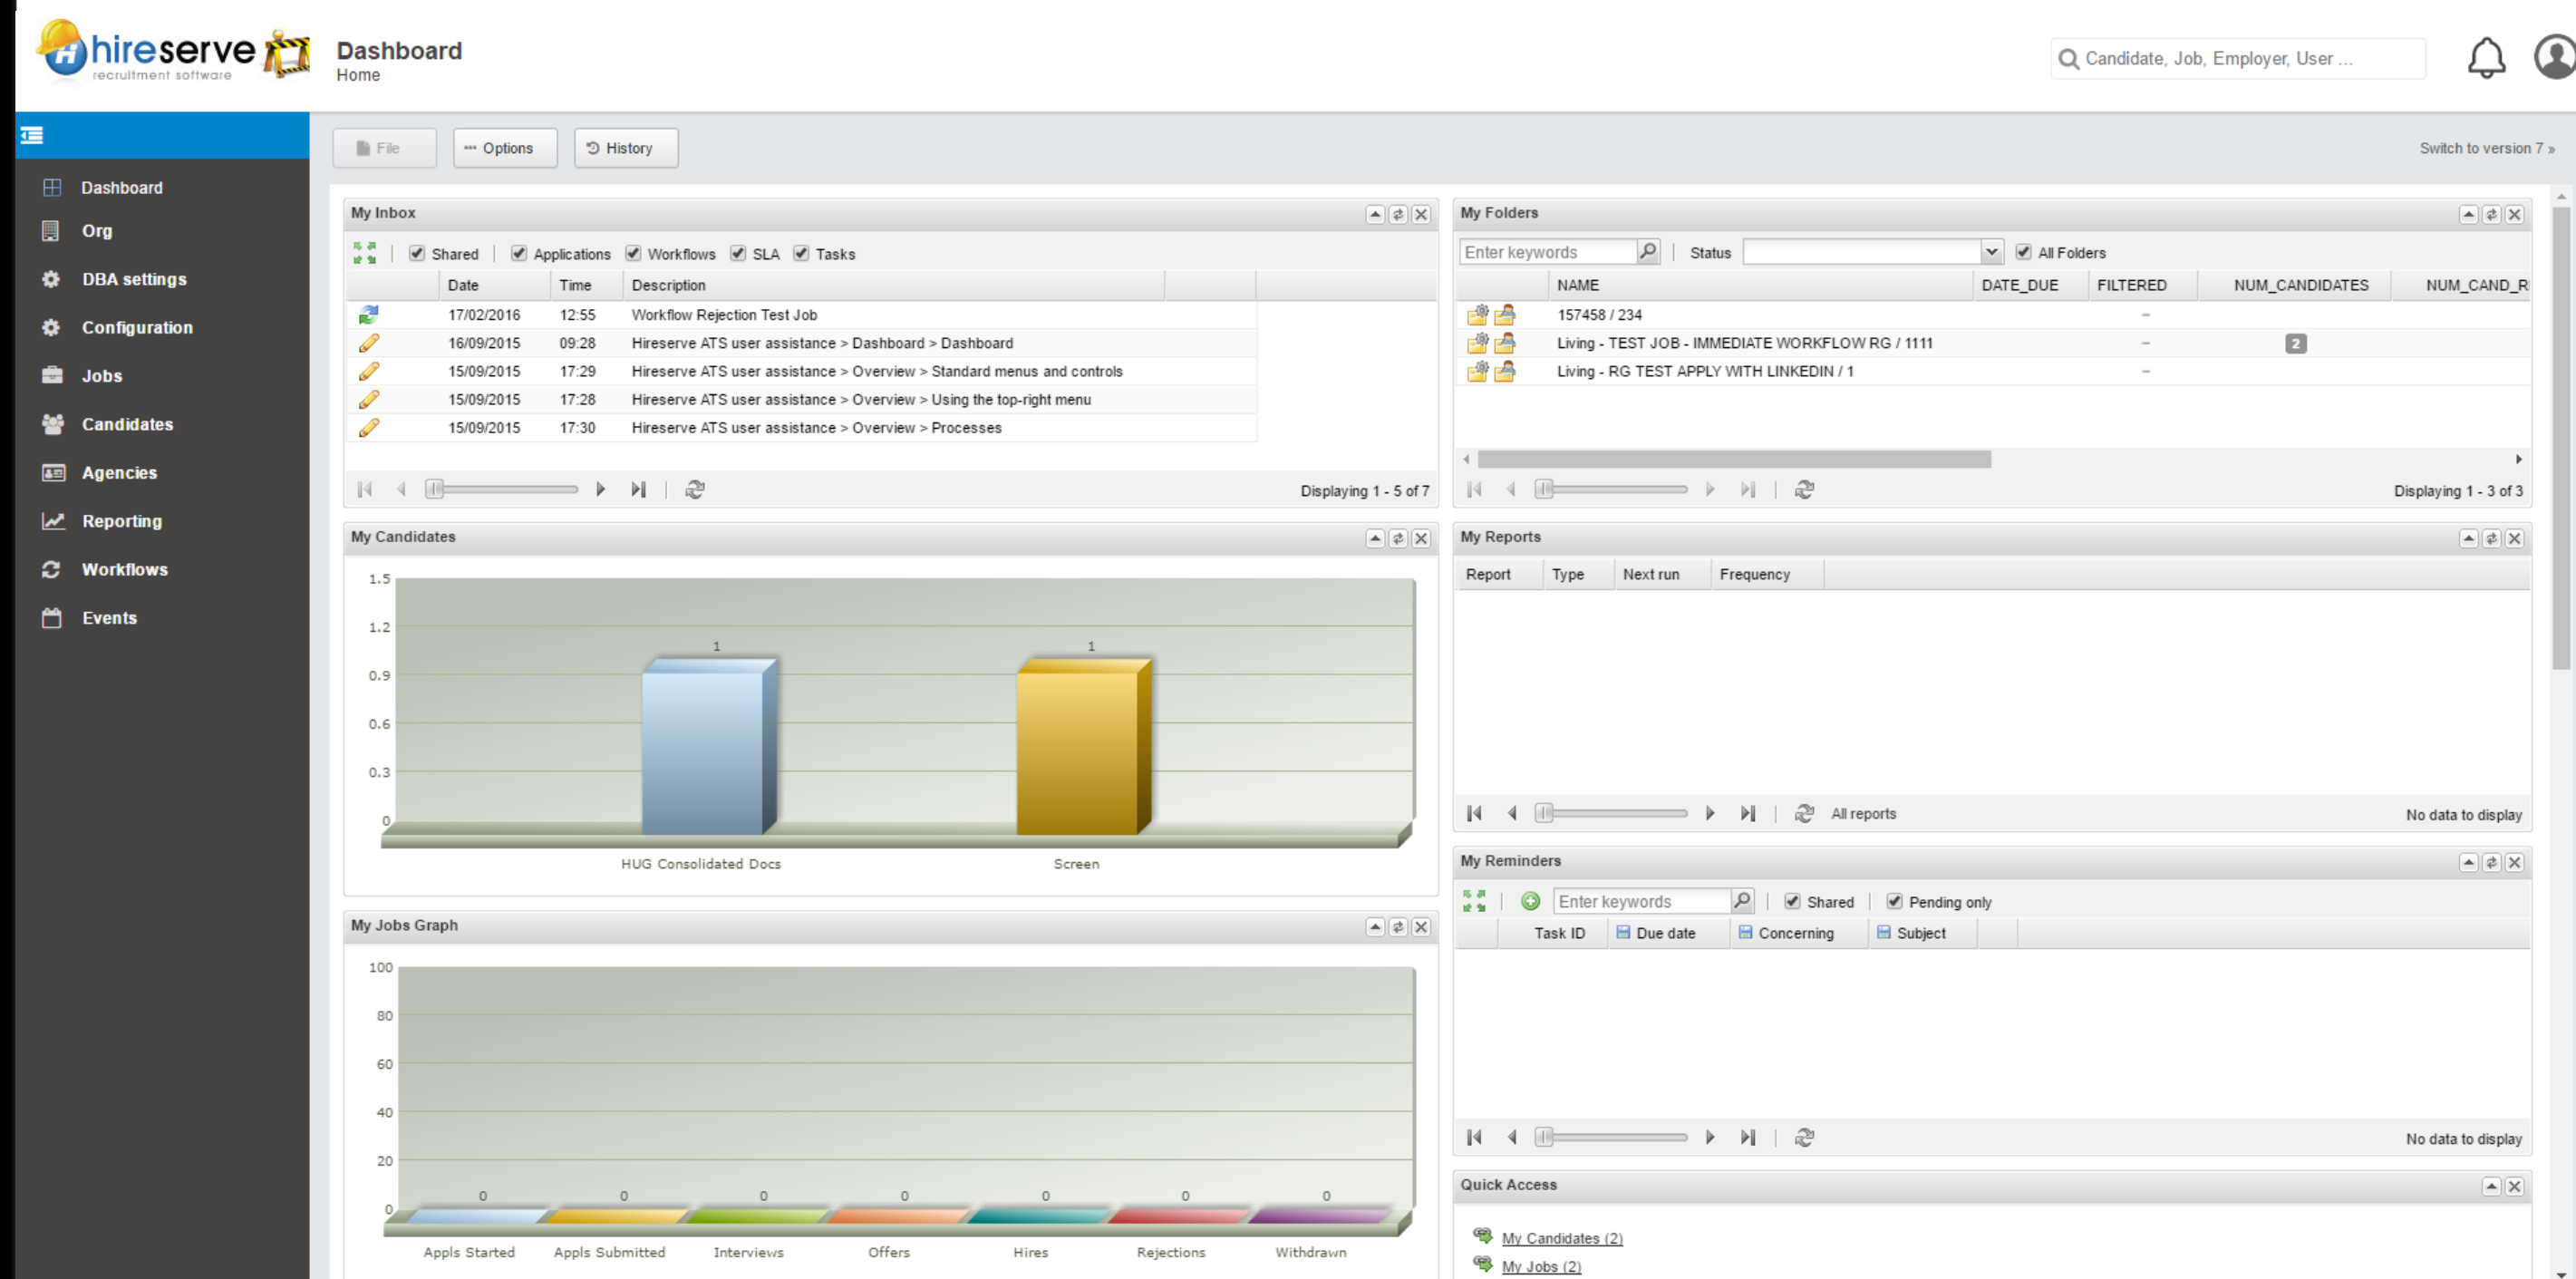

- Created responsive elements of the product to minimise scrolling
- Increased the spacing between menu items to improve usability
- Increased the space between grid items to improve usability

# Hireserve User Interface Update

## Let's take a look!

# Hireserve User Interface Update

## How will these changes impact your users?

- The new design has been delivered in a way that minimises the impact to existing users of the system.
  - Essentially, everything is still in the same place – it just looks nicer and works better
    - I. E.g. The main menu is still in the same place, and everything is presented in the same order, but it's visually more appealing and functions better
    - II. E.g. The quick find feature is still in the top right hand corner of the screen, but it looks nicer and functions better
- These are all very positive changes designed to improve the user experience
- There will no negative impact to existing users

# Hireserve User Interface Update

## When are these changes being deployed?

- The user interface will be updated on our production environment on Saturday 29<sup>th</sup> April at 8:00am.
- The system will be unavailable at this time for approximately 60 minutes
- These changes will be visible by all customers after 9:00am
